Vaddeswaram, Andhra Pradesh, India

Professional Summary

Motivated Computer Science and Engineering undergraduate with strong full-stack development skills and a solid foundation in data structures and software engineering principles. Passionate about building scalable, secure, and high-performance web and mobile applications, solving real-world problems through technology, and delivering intuitive, user-focused digital experiences while continuously learning modern tools and frameworks.

Education

- KL University** 2023 - 2027 (Expected)
B.Tech in Computer Science and Engineering Vaddeswaram, Andhra Pradesh
– CGPA: 9.09 / 10

Projects

- Festify — Event Management System** *Next.js, Spring Boot, MySQL*
 - Built a full-stack platform to manage college and public events with role-based access control.
 - Implemented event creation, registrations, dashboards, and analytics.
 - Designed secure authentication and responsive UI.
 - **GitHub:** <https://github.com/Anugya415/EventManagerSystem.git>
- TabiLink — Travel Booking Platform** *Next.js, Express.js, MySQL, Tailwind CSS*
 - Developed a unified travel booking platform for hotels, travel packages, and transportation.
 - Implemented dashboards, saved trips, wishlists, notifications, and loyalty points.
 - Added membership tiers, personalized discounts, and multi-language support.
 - Designed secure booking flows with responsive UI.
 - **GitHub:** <https://github.com/Anugya415/TabiLink.git>
- GoSphere — Travel Planning App** *React Native, Expo, Node.js, Express.js, MySQL*
 - Built a mobile travel planning app for discovering destinations and managing trips.
 - Implemented JWT authentication, bookings, favorites, reviews, and ratings.
 - Designed RESTful APIs with MySQL migrations and monorepo architecture.
 - Implemented light/dark mode with modern black-and-white UI.
 - **GitHub:** <https://github.com/Anugya415/GoSphere.git>

Skills

- **Programming:** C, Python, Java
- **Web:** HTML, CSS, JavaScript, React, Next.js, Tailwind CSS
- **Mobile:** React Native, Expo, Nativewind CSS
- **Databases:** MySQL, MongoDB
- **Tools:** Git, GitHub, Linux, VS Code
- **Concepts:** DSA, OOPS, REST APIs, Full Stack Development
